

New Friends

Rose was late for school – as usual.
She ran into the playground.
"Oh no!" she groaned.
"Mrs Jones is going to be cross!"

Suddenly, Rose saw a blue flash.
Something floated to the ground nearby.
It looked like a tiny spaceship!

Rose bent to pick it up, but then she stopped.
A row of miniature aliens came trotting out.
They had long fangs and yellow tentacles.
They looked quite friendly, though.

"We are lost!" squeaked an alien.
"Please help us get home!"

What could Rose do?
She scooped up the aliens and their ship and ran into school.
