

Unlocking SESE p. 74 and p.75

Natural Environments - Explain that a habitat is a home for plants, animals and people. Look at the picture. Why is the river so important to these animals? Look at the person in the river. What is he doing?

Look at the photos on p. 75 with your child. Ask them to describe what they see in each picture. Read the words out loud and match the words to the pictures.
